Re: Applicant Number: 630630
Funding Request Number: 1764095

I moved from Tulsa, Oklahoma to Midland, TX during the Form 470 filing period. Included with this letter is an order confirmation for telephone services from AT&T dated January 8, 2008. My services were connected the evening of January 10th. However, I had difficulty creating an online connection with my new router. I didn't get the router problem resolved until the early hours of January 11, 2008. Therefore, I was unable to file the Form 471 before the filing window closed due to the 28-day requirement for posting.

I filed an appeal to the USAC on July 3, 2008. The response was for me to file a waiver request with the FCC.

It would be a hardship for Berryhill School District if they didn't have an e-rate discount for Internet and telephone services. Please consider this appeal and allow the district to have funding.

Sincerely,

Janice Clayton-Reel
